PRODUCT HIGHLIGHTS

2400 WATT ELEMENT

Brings water to the boil quickly and quietly.

7 TEMPERATURE LEVELS

50°C, 60°C, 70°C (green and white tea), 80°C (oolong), 90°C (chamomile), 95°C (plunger coffee) and 100°C (black or herbal tea).

KEEP WARM FUNCTION

Allows temperature to be maintained at the selected temperature for up to 20 minutes.

360 SWIVEL BASE

Allows easy placement in the kitchen, and right or left-hand operation.

SAFETY

- Boil-dry safety switch-off.
- Rear positioned handle to minimize steam scalding.

LIMESCALE FILTER

Easily removable and washable stainless steel limescale filter.
