Since 1948

Dimensions	1000mmW x 92mmH x 510mmD
Finish	Black ceramic glass
Capacity	6 burner Left 12.6 mj/hr Front Centre Left 4.0 mj/hr Rear Centre Left 6.1 mh/hr Front Centre Right 4.0 mj/hr Rear Centre Right 9.0 mj/hr Right 12.6 mj/hr
Warranty	Five years parts and labour

LOW ENERGY CONSUMPTION

Blade Flame's single, vertical flame ensures extremely efficient use of gas. When cooking, even, optimal heat is delivered directly to the base of the cooking vessel, reducing heat loss.

SUPERIOR PERFORMANCE

The Blade Flame gas burners are patented and exclusive to Smeg. They deliver a continuous ring of vertical flame to guarantee maximum heat transfer, reduce heat dispersion and increase efficiency by 20% compared to standard gas burners.

TITANIUM COATED PAN STANDS

Each Blade Flame pan stand has been coated in a special premium titanium coating for longevity and durability and can resist high temperatures up to 1100°C

EASY CLEAN CERAMIC SURFACE

For maintenance of the highly durable ceramic surface, simply wipe with a damp cloth after use to clean any spills.

FLAME FAILURE DEVICE

Safety fitted to all burners, the Flame Failure Device ensures that should a flame be extinguished accidentally, the gas supply to the specific burner is stopped. The burner can only then be reignited by following normal ignition procedure.
